

Fire Safety workshop in Hydrocarbon Sector Skill Council

As a part of our efforts in ensuring our company's safety, HSSC organised a fire safety drill on 15.07.2022. This helped in testing the effectiveness of our organization's emergency preparedness and response in case of fire. It provided insights to all our employees about the fire safety procedures. And helped in raising awareness of fire hazards in our work and how to act safely in the event of an emergency fire situation, including selecting and using a fire extinguisher.

Some of the pics of the event:
